EXPERIENCE

Category Manager Intern at Board Infinity

APRIL 2021 – Present

I handle the Technical Categories (Data Science, Full Stack Development and Software Development) at Board Infinity managing growth, top line, bottom line including planning, forecasting, and driving scale for Ed-Tech category across multiple channels.

Technical Intern at PentaOmnia

MAY 2020 – NOVEMBER 2020

I handle tasks in the Technical department in the organization such as **Web Development and UI/UX Designing**.

Head of Public Relations & Human Resources, Spade, LPU

AUGUST 2019 – FEBRUARY 2020

Spade is a 5-tier student organization at LPU.

I handled tasks such as **Client Handling, Customer Management, Data Management, Android App Development and Web Development**.

PROJECTS

Data Analytics- Using SAP Analytical Tool

Individual Project

September 2020- October 2020

- Using SAP Analytic tool, we made conclusions on the dataset describing the Suicide Rate in India from the year 2011-2015.

Melanoma Skin Cancer Classification

Individual Project

July 2020- August 2020

- Built a **classification model** that identifies melanoma in images of skin lesions.
- Channeled training of image and meta data together using **EfficientNets B0-B3** as base architecture with **transfer learning**.
- Language: Python Framework - PyTorch.

Price Comparison Website in Python

Group Project

August 2019- September 2019

- Using data mining, a project in Python where we compare the price of the same product on various online shopping websites.
